

Kim Hamilton

Kim Hamilton has served on the Board of Trustees for Coleman Professional Services since 2004. She serves as a member of the Human Services Committee. She chose this committee because it fits well with her commitment to servant leadership. This committee has an opportunity to serve those who serve the client community.

After attending Manchester College, she found her way to her local Fire Department and AMR, where she currently serves as the Communications and SSM manager. She has been with American Medical Response for the past 30 years. Kim has served AMR in multiple capacities within her tenure, starting out as a Paramedic and continuing to become an Instructor, then moving to management positions within AMR. She sees working with Coleman as an opportunity to share the needs of this special community of people with the EMS field. Kim also serves as a member of the Board of Directors for the Ohio Ambulance and Medical Transportation Association (state-wide) and President of the Stark County Ambulance Association. She is one of the founding members of the Stark County Health Care Task Force.

Kim and her husband, Frank, are the parents of three and the proud grandparents of two. The Hamilton's reside in Plain Twp., Ohio. She is an active member of the Center Church of the Brethren in Louisville, where she serves as a deacon and a member of the church board. You may see her "tooling" about the countryside with her husband, sitting on the back of his motorcycle as they explore the world God gave us.
