COLEMAN TRAVEL SERVICES MERGES WITH TRAVELINE MANAGEMENT

KENT, Ohio (Dec. 19, 2007) – Coleman Travel Services, a full-service travel agency located in Kent, Ohio, recently announced a completed agreement in which it will be integrated into Traveline Management, a travel agency serving Northeast Ohio with 14 locations.

The agreement between the two Ohio-based travel agencies includes Traveline's employment of a current Coleman Travel Services' employee, as well as the servicing of Coleman's existing customers. In return, Traveline will share commissions with Coleman Professional Services, the parent company of Coleman Travel Services, for a two-year period.

"Coleman Travel is one of our four non-profit enterprise companies, created to provide funding for Coleman's core behavioral health and rehabilitation programs that service the community," said Nelson Burns, CEO and president of Coleman Professional Services. "After three years of operation, we believe that Coleman Travel was no longer financially able to contribute to our mission of providing services to more neighbors in need."

Burns said, "We are very thankful to our existing customers for their support of Coleman's mission, and pleased to have come to an agreement with a company as credible as Traveline."

Traveline Management, a privately owned and operated company, has been in business for 50 years. With 14 locations in Ohio, it is one of the largest travel management firms in the state as well as one of the 50 largest in the United States. Traveline is primarily focused on business travel; however, it is also one of the leading vacation-based travel companies in the country.

Vice President of Traveline, Chuck Petzinger said, "The integration of Coleman Travel Services into Traveline provides us with the size and stability that will allow us the opportunity to provide an additional level of support and introduce some new product lines to our current and new customers."
